“ *There is really only one word that comes to mind when thinking of Ju Ju , Strong. During the hardest time of my life she was there and without a doubt, strong for all of us. Ju Ju also in so many ways taught me strength not just emotional but physical too. Without a father she stepped in and showed us just how much a woman can do if she put her mind to it. I knew from a young age I could always count on her and even as a adult I still knew. She could always make me smile. Ju Ju will be missed by many. I know that she's in a better place now and doesn't have to always be the strong one now she has my dad to take care of her too. You will forever be with me, until we meet again Ju Ju know how loved you were.*

Judi, juju and or coma what are the names she'd answer to with a smile on her face. She was one of the most loving caring person I've ever known and would do for others before herself, she loved her crews at SeaWorld, they were her second family. I do remember at Christmas it would take us almost 2 months to find that one special little gift for each crew member, she loved making the holiday special for everyone.... I know she did mine and for my kids and their kids. My heart aches but I do know that she's in heaven and all the suffering is gone. You will be sorely missed my friend you've given me 40 some years of friendship in my life was blessed for it, till we meet again I love you.
