“*Kaney was the Light of or world and our neighborhood... I've never seen anyone live their life purpose as Kaney did. She was one of the most caring, giving loving human beings I've ever seen on this Earth. She will be missed and thought of fondly ... always. She was always so proud of her sons... It's nice to know she's back with the one she lost years ago. Period. I'm sure her heart is filled with immense love in their reconnection.*”
