“ One of my fondest memories of Aunt Kathy was the "kitty call". When we all lived at the farm and she fed her cats or just wanted to see them she would do a very distinctive kitty call (almost a yodel)..lol and every cat within a country mile would show up! ❤️ I live on a small hobby farm now and to this day I use that kitty call. It works..what a wonderful memory of childhood living on as silly as it is. Bri is right, if you knew Aunt Kathy you remember the smiles and laughter.
