“ *Through all the changing scenes of life, in trouble and in joy, the praises of my God shall still my heart and tongue employ. I was first introduced to Aunt Lou at the age of 8 years old when my family vacationed with her and Uncle George [my mom's father's brother] in Orlando, Florida. I was set to have a tonsillectomy and my parents wanted my sister and I to visit Disney World and Aunt Lou and Uncle George opened their home to us to do just that. Aunt Lou was tall, elegant and absolutely mesmerizing in my eyes and she made sure my focus was on having fun and not on the surgery which was a frightening thought for me at the time. She was also a great cook and I loved more than anything her famous Hush Puppies, which seemed to be a sweet take on Bahamian Conch Fritters [minus the conch and savory flavor]. Growing up she checked in on how my sister and I were doing and I was proud to be her little Hush Puppy loving grand niece. Aunt Lou was a wonderful wife, devoted mom and one of the sweetest persons ever to grace this planet. I give God thanks for her life and her impact on my life may she now rest in peace and rise in glory. Love your grand niece, Sharell Lockhart [Freeport, Grand Bahama, The Bahamas]*

“ It is with deep sorry and emotions to learn of Aunt Lou’s passing. Despite knowing she was suffering on this earthly side, your never prepared for such sad news. I have very fond memories of her and her wonderful husband Uncle George. When I migrated to the USA from the Turks and Caicos Islands in the early 80’s, they were the only family I knew in Florida and they welcomed me with open arms. As a matter of fact she is also mentioned in my memoir that was recently published called the “Best of both worlds”. I still cherish those moments being around them which will forever be etched in my memories.

Thank you Aunt Lou for your contribution and support to my family success. No more pain and suffering. May your soul rest in peace and rise in glory.

Your nephew,
Ed Forbes

A woman of dignity she was, standing tall and speaking with power and control. She was the one who knew what she wanted, and said what she meant. Aww the many long hours we spent on the phone will forever be remembered. I'll miss you my friend, my buddy. I'll keep an eye on both babygirls but you already know (They Fine) 😊 RIP

To the Family. It is with deep sadness that I convey my heartfelt condolences. The loss of a Loved One is truly hard. A bond has been broken not for bad but GOOD. I was always wanting to know why Lou Alyce called my Uncle Eddie Lee (never got the chance to ask)? Keep your spirits up. A sweet, kind, caring, and Estute woman of great values and morals.
