“ *Mama,*

I can't find words to tell you how much I love you and How much I already miss you. All I can say is "Thank You" for making me who I am and always giving me you unconditional love and giving me your continuous support when I started my family helping me with my daughters so that Jackie and I can go to work. I will miss every birthday exactly at midnight your phone call singing happy birthday and your favorite song that I will always ask you to sing for me since I was a kid "Osito de felpa"

You will always be in our hearts and you memories will be cherished for ever.

Te amo mi viejita linda.

Con todo nuestro amor tu Pepo y Jackie

“ *Because of mami Lucy. We were able to go to work with a peace of mind knowing that our kids were in great hands. Who can forget on our birthday a phone call of Mami Lucy singing happy birthday. My discretion of her is a happy, loving, caring, person who always wanted to get family together and feed them and always celebrate. I know you will always be in our heart. Thank you for all your love food and fun. We Love you.*
