“ I have so many memories, Margaret has always been a part of my life and I can't yet imagine her not being there. She is the one who first brought me to Florida when I was 8 years old and I fell in love with it as she did. She gave me my first trip to the ocean, one of the best gifts anyone could have given me. She was not only my family but my friend and sometimes adviser and confidant and I will miss her until the end of my days. My world will be smaller without her in it and so will many other's, she was loved by so many! I love you Margaret and I will see you again.
