“ *Mother*

*You meant the world to me. It is hard to believe that you are no longer here with us, but I found comfort and knowing you are in a better place, casting your line and fishing all day, just as you love to do.*

*Your legacy will live on forever through your family and friends. We will always remember your love for the blues, your passion for fishing, and the way you never hesitated to speak your mind. Those qualities made you who you were, and they are the qualities we will cherish forever.*

*One of your greatest blessings was being able to see your children, and grandchildren, great-grandchildren, and great-great-grandchildren It was being able to see your children, grandchildren, grow and achieve things beyond what you ever imagined. Four generation stand today because of the foundation you built with your strength, wisdom, determination, and love.*

*Though our hearts are heavy with your loss, we are grateful for every lesson, every memory, every moment we share with you. Your presence will be deeply missed, but your spirit will continue to guide us each day.*

*Rest peacefully , Mother.*

*We love you and you and your memory will remain in our hearts forever.*
