“ *Hola papi, I remember this day so clearly. We were on a family trip in San Francisco and you and I wanted to adventure. So we decided to take the BART which is the subway and went into the city.*

We saw there was a boat excursion on the waters so we were all for it. Now, this boat was a small sail boat and they sat us all around. We sat at the front to get a good view but little did we know this boat ride was going to be a mess haha.. it was so cold! And we were getting wet by the splashes of water, but we just laughed and enjoyed the time.

I miss you papi, my travel and adventure partner. You'll always be my confidant. Te amo mucho.
