“ Although we did not have the opportunity to know Mrs. Mercedes well, she was the mother of my friend Albert and through her legacy we can see that she was an outstanding woman. You will be missed.

“ *As all my aunts and uncles, Titi Mercedes was very special. So many beautiful memories that I have of my aunt while I lived in NY, when we visited her , tio Bartloño and the rest of the family. memories that I will treasure for ever. To my cousins Miriam and Albert, losing a love one is very hard. It's very hard for both of you, it's also hard and sad for us nieces and nephews that loved her very much. Now she is with Tito , tio Bartolo and other members of the family. Titi Mercedes will always be in my heart. God bless you both, un abrazo y los quiero mucho.*

“ Mom, you have been a blessing to me; words cannot explain how much love I have for you. I loved you unconditionally and you taught me so much. You showed me love, strength, kindness and how important family is. You have also showed me on how to be a good wife and most importantly how to be a good mother. You were my mentor and someone to really look up to, but most of all to always walk with God. Your incredible smile that I saw every morning when I went to get you up made me so very happy knowing that you were OK. My mother was a good person. My love for my mother will be forever, and I will carry her legacy always in my heart. My heart feels empty knowing you're not by my side. I know that the Lord promised us that we will be together again and I will see your wonderful beautiful smile in heaven. I will cherish the time that the Lord gave me with you. I will keep all of those great memories we had near to my heart. I will miss you, but all your memories will live in me forever. I thank you for being my mother. I will always adore you, and keep your purpose of life alive in my heart, for you will always be my ma.

Love your daughter,  
Miriam

“ I am saddened to hear about our loss of titi Mercedes, but we know she is now at peace in heaven with tio Bartolo, Roberto, and other family members. I will always remember titi's visits on Sundays after church and her smile which was made of sunshine. She will be missed but the memories we made will always be remembered.

“ Mercedes, if I had to describe her I would say a loving person who loved her family with her full heart. A caring person who would put others first and she always had God in her heart. Mercedes was my mother-in-law but a mother when my mother moved away. She and Bartolo taught me and helped guide me to God. And, thanks to Mercedes and Bartolo, they gave me there wonderful son in marriage. Thank you Thank you for always welcoming me into the family with open arms and a warm heart. Our relationship meant so much to me. I'm so grateful and blessed to have had Mercedes as a mother-in-law, she was a great example of a great woman of God. I will miss you greatly. Un abrazo y muchos besitos. Nos vemos un dia de nuevo. Que descanses en la gloria de nuestro Senor.

*Love Always*

“ *There was magic and sunshine in my grandmother’s smile.  
There was love in everything she did to make our lives worthwhile.  
She had so much hope and courage and faithfulness to the lord in  
her heart, which can all be seen, just by looking in her eyes and  
talking to her.  
Her laughter was a source of joy, her words warm and loving.  
There was a kindness and compassion  
found in her embrace, one that will never be replaced or found in  
another  
And shining down from Heaven above  
Now, my family and I not only see, but feel the glow of my  
Grandmother’s love, memory and joy. I will always miss you  
grandma...we will all see you again.*

“ Mercedes, not only were you my mother-in-law, but you were an angel in disguise as a second mother to me. I thank you with great abundance for listening to me, for laughing at moments when I made you laugh that brought you happiness. For times when you listened to me when I needed to be heard, but most importantly when you really cared. You were kind, considerate, thoughtful, and especially loving, for that is where your heart was. I thank you once again for you just being there. May God always bless you, for that is what God is doing with you right now.

“ I was lucky to have met you the last two years of your life and wish I knew you for longer. I cannot wait to meet you in heaven and hear all the wonderful stories that your loved ones shared with me about your beauty, goodness, and love. I am thankful that the Lord gave you freedom from the suffering of this world and that you can rejoice in heaven with your husband and family.

“ *To my beloved grandmother. You and I shared a special bond that will never be replaced. From the day I was born you were there to help and guide me through pitted times. I am the man I am today because of your guidance and knowledge. I was extremely blessed to have you in my life for as long as I did. You will live in my heart and my memories for here on out and continue living the life that you’ve wanted for me. As I get older I am so lucky to get to tell my future children all the stories of how amazing you truly were. May you celebrate now in heaven with grandpa and your family. I love you now and forever.*

“ My mother is no longer with me and my heart feels a void. There was a special place for her and only for her. I will keep that place reserved, for I know that one day we will be together again and I will be filled with joy. She is with her husband / my dad, and all of her family and friends. Until then, I will remember her kindness, love and gentle ways. Her smile will remain as a light in my memory, reminding me of all the lessons in life that she shared with me. I will always love you mom, I will see you again.

Love, your son

*I dedicate this poem to my mother Mercedes Casillas, "If Roses Grow in Heaven"*  
By Dolores M. Garcia

*If roses grow in heaven,  
Lord, please pick a bunch for me,  
Place them in my Mother's arms  
and tell her they're from me.  
Tell her I love her and miss her,  
and when she turns to smile,  
place a kiss upon her cheek  
and hold her for a while.  
Because remembering her is easy,  
I do it every day,  
but there's an ache within my heart  
that will never go away.*
