

Michael Jean-Paul

June 21, 1984 - December 29, 2017

Michael Jean-Paul, known to those around him as "Mike" went with the angels on December 29th in Orlando, Florida.

Born in 1984 in Brooklyn, New York, which he lived for 17 years of his life.

In 2002 he moved to Orlando, Florida where he spent most of his life.

Soon after his move he met Jessica Miranda and the couple were inseperatable ever since. They have been together 16 years and married 6 years with 3 beautiful children Damyis(14), Makyla(8) and Jahselenya (6).

Everyone who knew Mike knew he enjoyed always being with his wife and kids. Mike always showed pictures of his wife and kids to people he came across because he was so proud to show such a happy and beautiful family that he had created. He always enjoyed doing and planning family events; Mike was truely loved and liked by everyone he crossed paths with. He always liked making people laugh and smile and had a nick name for everybody. Family was very important and played a major role in his life and that was always his motivation. He was very close to his mother in-law Neida and his sister in-law Autumn. As long as we were all together he was happy.

Mike's passion was grilling, he left such an amazing taste in everyone's mouth. For Christmas 2017 both wife and mother in-law purchased a smoker grill and he was so ecstatic. Anyone who knew Mike knew he loved food, he always talked about his next meal soon after him eating.

Mike had an amazing future ahead of him as he wanted to drive 18 wheelers; but always thought about not being able to see his family, his wife always made sure that he made sure he made himself happy so that he can continue to make his family happy. Nothing meant more to Mike but his family and forever we will cherish him.

“ I will always love you, you will always be in my heart. All the memories I have of you are good and funny ones. I still can't believe you are gone; but, I know you will be watching over so many of us. When I look at your pictures I tear up but, your eye re ensure me that you are in a better place. When I think of you the one song that plays in my head is JadaKiss “ We Gonna Make It”. Thats what we played over and over again. You will be missed and you were loved. Forever in a day you will be my shining star and angel.

“ Still to this day we are in disbelief. We miss you so much it seems so unreal to know someone who you worked with that you became friends with and family to. To know that they are gone. Its crazy to us. We never seen one day that you were down everyday you talked about your kids and your family and how you love them so much and it showed. Even though we were not blood you never treated anyone of us like we were nothing but family to you. With a good morning handshake a hug you are truly missed. Who is going to get on my nerves now! To his 3 beautiful kids and his wife please now Mike truly loved you guys. And we will continue to pray for you guy's.. From his Cold Air Family

“ I remember different times when speak on the phone and you would always speak about the food that you made last night or the night before. You told me that you made lasagna and I told you that I didn't know Ramen Noodles made lasagna. You started to laugh and told me that I couldn't cook so stay in my lane. We had a friendship that was more like a brotherhood that no one can replace. We spoke about planning a trip out of the country, but now its just a dream. I still can't believe your gone and I wish I could of been there the day of your passing. Maybe you would still be here???? In my heart I believe your still here in spirit and you will always be my dearest. I love you and I know in heaven you can hear it. Rest in Peace.....

“ *Mike... you are to me the son I never had. You gave me the most precious thing that a Mother could ask for after my own girls have all grown up Grand-babies. You just didn't leave a piece of you in Damyis, Makyla and Jahselenya, you left a piece of you in all of us. I will miss the calls we made to each other just because or to tell me you cooked and wanted me to come over to eat... I didn't like barbecue ribs or chicken, but I always enjoyeating your barbecue . When ever I needed help you was always offering yourself to help me just like the son I never had.*

“ It hurts for me to have to do something like this, I never would of thought in a million years that I would be doing this for you. You were such a blessing to my family especially my sister. You blessed me with beautiful nieces and nephew. The hat in the picture is something I will treasure for a lifetime. You are my brother, blood wouldn't have made us any closer. I love you so much forever and ever.

“ Baby, words can't even express the way I feel. The thought of never seeing your physical being just tears me apart....One thing about all of this shows me just how strong we have to be with so many unanswered questions. I love you, I love you, I love you, I love you, I love you, I love you, I love you, I love you, I love you, I Love you to infinity and beyond.
