“ *My Dearest Compai Mickey and Yoli... How my heart breaks that you both are not here physically, but happy that you both will ALWAYS be here in my Heart and in my thoughts. After so many years of losing contact how Happy was I that we found each other again. You were my "partner in crime" while growing up and my compai when I first married, that's how close we were to each other... and we were each others salsa dance partners when we hanged out so many, many years ago. I was not around when you met and married Yoli and, if I remember correctly, never met Yoli, but she was my Sister... as you were my Brother. Yoli & I chatted by phone as if we knew each other forever... and I will hold this close to my Heart!!! How you always spoke to me about Yoli, Mick Jr, your Nena and Grand Gems & the love you had for each and every one of them & the fun & laughter you shared with them... this is how I learned about each and everyone of them and learned to love them as well.*

My Dear friends... I will forever cherish the memories and hold them so close to my Heart forever. Mickey, Thank you for sharing your stories about Yoli and your family with me and Thank YOU for the love you shared with me.

*Your forever friend/sister,
Madeline (Maddy)*

“ *Dearest Mickey and Yolanda, Although I'm tremendously sad at your loss and your absence will be felt by all, God knew that the two of you must always be together. Your infectious laughter, vibrant energy, and positive vibes were felt by all that surrounded you. Eddie and I were blessed to have spent that cruise with you and the family. I know God blessed your paths to his heavenly kingdom.*

“ My dearest brother in law Mickey whom I loved like a brother. Words can't describe how painful it is for me to write this for you and Yolie. We are going to miss you both so much. I'm so happy my children got to spend time with you guys and loved you so much. When my kids hung out with you they just couldn't believe how much you acted like their father. For that alone they grew to love you even more. Then they got to meet Yolie and saw how loving she was. They just couldn't stop telling us how nice you guys were. We will forever remember you guys and will always carry you in our hearts. I know you are worried about your children and grandchildren but they will be ok. You have given them the foundation of what a good parent abs grandparent is supposed to be.?they learned about family values and love from the both of you. They will carry on your legend.

We will always be in contact with them to make certain they're ok.
The same way you would do for our children and grandchildren.

Till we meet in the next life. We love you guys forever and ever.

“ My dear little brother Mickey and my sister Yollie how I’ve loved you both and I cannot believe that this has happened. It isn’t supposed be like this, I’m the eldest and I should have gone first. I’ve missed talking to you both every night, checking on you both to make sure you were okay. I’ve been going to work so that I can distract my mind of what has happened, but as I sit in my office working, it all comes to me, the good times we had as kids and when you and I came out of the military and I married Christie and a few years later you met and married Yollie.

Your laughter and jokes, your caring ways for the entire family and how you always helped both family and friends.

It will be very difficult for me to not see you both or speak with you both ever again. I was looking forward to seeing you now in December and spending time with you both in August as I have for the past. This I will miss, but despite that you are both not around anymore, I speak to you everyday, every night. I have beautiful memories of the times we spent together, but most important, the love we gave to each other.

As I’m writing this, my hands tremble and my tears roll down my face because I could not be down there today physically. I wanted to go so badly and my doctor wouldn’t allow me, but I’m there with you both in spirit and thoughts.

I love you both dearly and I will never forget you both my dear brother and sister.

You are both finally together again with no more suffering and in God’s kingdom where we will meet again sooner than later.

Please give us a sign when you and Yollie come back to us as God’s angels.

I love you both little brother and sister.

GOD BLESS and keep you in his glory.

Love ya

Your oldest brother and friend

but most important you always made everyone feel like family.
thank you for your beautiful friendship and role model in the way you treated Tia Yolie
always bringing her flowers and making sure she was always taken care of.
it's never good bye but until we meet again on the dance floor. I know you both will be dancing endless-ling together forever. Love you both.

“ Uncle Mickey, I can't even believe I'm writing this for you. I don't think you ever knew just how much I loved and respected you. I've never known anyone else who was so much like Daddy. You were such an amazing man who loved his family unconditionally. In February, I made my annual trip down to Florida for work and I'm so glad that we had that time to share because summer came and went and we weren't able to travel to see you again, like we'd normally do. I remember almost canceling that trip because you were going to be in NY and I was mortified of being down there without you. As much as I dreaded traveling alone, I always felt safe once I landed in Orlando because I knew I had you there. I'm going to miss you so much but I find comfort in knowing that you aren't suffering and that you and Titi Jolie are together. We will always love and remember you both. Fly high and rest in peace but please remember to send little messages to us so we know when you're around. Until we meet again...
