

Mireille Colon

January 13, 1950 - July 28, 2025

Mireille Colon, who departed this life on July 28, 2025 was born on January 13, 1950, in Port-Au-Prince, Haiti. Mireille was the only daughter of Fanny Sterling and Louis Colon. She had a very upscale, spoiled life with caretaker Cleta, her gatekeeper, and her dog Lukey.

Mireille moved to Chicago at age 13, where she finished school and took hold of her adult life, having her first child, Armand. She enjoyed her young adult life with her cousins, Gyslaine and Lionel, until she moved away to Brooklyn, New York. She attended Eglise Utica and there she met her husband Alexis Demette Edouard. The two got married in 1980 and had ten children. As a Pastor's wife, she made it her job to make her kids' lives as Pentecostal as possible.

Mireille was a devoted mother, grandmother, and great-grandmother whose love knew no bounds. She is survived by her eleven children, Armand, Maggy, Peggy, Myriam, Samuel, Carlyne, Moyse, Jerry, Naomi, Jessica and Daniel, two step-sons, Ben and Sem, Daughter-in-law Jasmine, twenty-two beloved grandchildren, Tatyana, Iasiah, Trevon, Carlson, Joshua, Jeremiah, Angeline, Asia, Neyomiah, Josiah, Katia, Jeremiah, Amarion, Kaleb, Jamari, Alexis, Kamille, Zarina, Aliyah, Destiny and soon Khalil, three precious great-grandchildren, Major, Harmony and Zalayah, Step Grandson Jorden, Goddaughter Lisa Ivy, cousins, the Ivy family, the Smith family, the Garcon family, Cheryl Thomas, and the Etheart family.

Mireille dysfunctional kids were the heart of her world; their shenanigans entertained her at home and made it a real-life soap opera with their dramatic lives. She dedicated her life to God and the kids' happiness and well-being.

“ I know the family ever since Benjamin Franklin Elementary where my mom and Mirelle became friends. We basically grew up together every since then so losing you is just like losing family. I lost my dad and uncle to cancer so I know this isn't easy but as I know you are no longer in pain and can smile down on us up in heaven. You will always be a part of me and every time you smiled when you call my name will never be forgotten. I love you and rest in peace.

“ I have sooo much love and respect for you mom. I thank you for raising us to be such a tight-knit family whom can come to you and each other about any subject. You have taught us to have respect, but also know when to put someone in their place. I'm very grateful that you are my mother and you've taught us what being a strong woman truly is. I will miss your smile, your happy dance when you see me while calling me SHOOKA, even your warm embrace. What i have gone through in my life has no comparison to losing such a valuable woman. But I am also blessed that I'm bringing life into this wonderful legacy in which you have left behind. And even though you did not get a chance to meet or hold your first grandson from me, I know you will be looking over us with a smile on your face. He will definitely grow to know his awesome, God-fearing, gangsta grandma from all the stories that will be told. Khalil will grow to love you for the woman that you were. One of the fondest memories I have of you is being in church and watching you do the SOLDA LEVE PIEW dance. 😂
I love you sooo much mom and you will be missed!!

“ Feeling this great pain of losing you is one thing. But knowing that you no longer have to suffer in pain is a greater feeling. You've fought long and hard to to be with us and it would have been selfish to have asked you to keep fighting, just so we can keep you here. You've gained your wings now, mom. As long as you can sleep in peace, we have no worries with you watching over us in spirit. Til we meet again. I love you, mom. “ Dear Grandma,

There are no words strong enough to hold the weight of this goodbye. My heart is heavy with sadness, but also full of love — the kind of love you gave so freely, to so many.

You were the heart of our family. A mother to 11 children, and somehow, you still had room to make each of your grandchildren feel like we were your favorite. I'll always be proud to say I was your first grandchild — the one who got the first taste of your warmth, your strength, and your unwavering love. And oh, what a gift that was.

I watched you pour yourself into your family, never asking for anything in return. You carried us through hardships with grace, and you celebrated our joys like they were your own. Even in your battle with breast cancer, you showed us what courage looks like. You were tired, I know, but you never let us see you give up.

There was something about your presence that made everything feel okay — a touch of your hand, the sound of your voice, the way your eyes lit up when we walked into the room. You had this rare ability to make everyone feel at home, just by being you.

Grandma, I miss you. I miss you more than I ever thought possible. But I also carry you with me — in my heart, in the stories I'll tell, and in the strength I'll lean on when life feels heavy.

Thank you for loving me first. Thank you for showing me what it means to be family. Thank you for every hug, every prayer, every laugh, every lesson. You were, and always will be, my guiding light.

Rest now, Grandma. Your work here is done — and what a beautiful legacy you've left behind.

With all my love,

Your first grandbaby

“ My mom faught a good solid till July 28 God has call her on vacation. One thing I've realize about my mother even when we were not with her her prayers for protection and guidance was with us. I remember when I would go to my sister house to either help or just visit her and she would just go wide eye and start singing moy moy moy mè moy. I would just laugh at her but felt good to see the smile on her face. Everything that she was able to do for us we did it in return starting my sister Maggy who took charge through blood sweat and tears to give us the guidance to help with mom. When I went to the hospital spent thought nights or days with her I would put on pastor Gregory or shekinah for her and would feed her. And on Sundays when she was home I would in every opportunity put church live for her I would either put the church I went to on TV or my sister church on TV she would participate on what they were doing on TV and she love it when my church had communion I would bring communion for her to part take she loved her church h and everyone that came into contact with her loved her to the point she was basically everyone mother making her a mother of many children near and far. I love you mom I don't know how to cope with this but I pray to God to give me the strength and courage to go on I love you mom sleep in peace you are finally being rewarded for all your hard work from your father Jesus christ. Till we meet again
