“ Dear Cousins Denise, Stan and Rich,

*Your mom and I became close over the last several years, not sure how or why, but we just did. We would text often, mostly about sports such as tennis or hockey. I think we had the most fun texting about tennis as far as who we liked, the women's outfits, our disappointment when an American lost, etc. I will miss that banter. But mostly I will miss her kind way and her wisdom, and her listening skills. Not everyone is a good listener. Whatever I wanted to talk about, she listened and responded with her trademark wisdom. Just a few words, usually, but all I needed to hear.*

*As you know what she cared most about was her family - you all and your children and their children. She was a mom, grandma and great grandma first and foremost. A fond memory I have of her was when my family was attending Juliette's funeral and my infant, Alison, was getting a bit fussy as I held her. Your mom was sitting behind me and reached out offering to take Alison and hold her. Alison was a bit ill it turns out, but as your mom held her she quieted down. I won't ever forget her action that eased my child's discomfort and my anxiety.*

*Your mom was like a second mother to me and a good friend, always there. I was happy to have visited her a few times in the last few years. I will miss her dearly but I am glad she is not suffering and I am glad to know she is at peace with our Lord. I will keep you all in my prayers.*

*Love,  
Cousin Gloria*
