“ Titi, my heart is so broken but I know that God is God of love. You've completed your earthly mission... your legacy will continue to live on through tio, your babies, grand babies, memories, Wela (your sister) and all of us. I remember meeting you for the first time and how fascinating it was to witness your sweetness and big heart and how happy you were to see your sister. That will forever be one of the sweetest moments in my memory. You two giggled, belly laughed, held hands, embraced each other, didn't want to leave each other's site, reminiscing about old times and the beautiful families you two created. Though we are miles apart, my heart and spirit will love you forever, lifting the family in prayer as they celebrate your life here on earth.
