“ Wela I don't even know where to begin. You have always been my rock and since the day I was born we knew that we will always have a strong connection. I was your first grand-daughter and I am so honored to have been named just like you Olga Iris. We have been through so much in our lives and I know that you will forever guide me into the right path. I will always remain strong and positivity will become my passion. Rest In Eternal Paradise my queen.
Love U Always,
Olguita :)
