“ *My first ALS symptom occurred in 2016, but was diagnosed in 2018. I had severe symptoms ranging from shortness of breath, balance problems, couldn't walk without a walker or a power chair, i had difficulty swallowing and fatigue. I was given medications which helped but only for a short burst of time, then I decided to try alternative measures and began on ALS Formula treatment from Aknni herbs centre, It has made a tremendous difference for me (Visit ww w. aknniherbscentre.c om). I had improved walking balance, increased appetite, muscle strength, improved eyesight and others.*

“ Although I have always lived far away, I would always look forward to seeing my Aunt Pam when I was visiting. She was always so thoughtful of me and my sister. As a little boy, I have such fond memories of first arriving at my Grandparents in Florida, and then eagerly awaiting the arrival of my Aunt Pam and Uncle Doug. I would be so excited as they pulled up, and we would all visit, share a wonderful meal together, lots of stories to go around. I remember Pam taking me places, she really watched over me and I always felt really safe and cared for. One particularly vivid memory I have from one of these visits when I was very young - I was given a little something that really made me proud. It was a small laminated card that proudly declared me “Official Nephew” on the front, and on the back was a beautiful silhouette of Pam and Doug together. I carried that card with me everywhere! Every visit I had was a pleasure, and a real Treasure.

As I grew up and school (and life) kept me busy on the west coast, visits became less often but still looked forward to with the same eagerness. Even while distant, Pam never was never far from my thoughts and she never lost touch or stopped thinking of me. As I was still a boy, every year she would send gift packages, and even as an adult she always remembered me with Birthday and Christmas cards. Every time after writing, she would always sign with a little smiley in her name, right inside the P, which always made me smile... And they still do. I keep them safe in a little basket, on a special shelf.

I love you Aunt Pam, You will forever be in my heart.

“ *I worked with Pam at Baker & Hostetler for a few years before she left. She was just a beautiful soul and I am so very sorry for her loss. She has earned her Crown of Life. My prayers are with her family, loved ones and friends. May the peace of God surround all of you during this time.*

I was blessed to work in the same department with Pam during a portion of her tenure at BakerHostetler. Her little body was so tiny and frail and she so greatly appreciated any assistance one might provide in simply getting her little jacket on and off her little shoulders. She would show me pictures of her husband's beautiful tomato plants and ohhhh how she loved her cats. Pam's beautiful soul now rests in the arms of our Creator never again to be harassed by the frailties of the flesh. Amen. Let us pray.

What a wonderful picture of Pam! It captures the warmth and kindness we all remember. She was a kind and beautiful person. I know she is in a much better place now, but I also know that so many of us will miss her.
