“ *My Mother was the best Gift I could ask for. I loved my mom with all my heart. Family means so much to me and she knew that. If I couldn't count on anybody, I knew I could count on her no matter what. I remember when I graduated from high school, she could not saying how proud she was of me for walking across that stage and when I walked across that stage and seen her after my graduation, I told her that my diploma was her's. Without my mom, I don't know where I would of ended up but I know she kept my head on the right track and I want to Thank her for that. My mom just wasn't my mother but she was also my heart, my best friend, my #1 fan. I love her so much and I know her death hasn't hit me yet but I just want her to know I love her with all my heart and I'm going to continue to make her proud. Rest In Peace Mommy I Love You  100 *
