“ I am heartsick to learn that Paul is gone. Yes, he is in a better place, but he made MV a better place to work! His smile, his laughter, his attitude (almost always was positive) and the way he cared about his family, the MV clients, his coworkers and his friends will truly be missed. I am so sorry that I didn't know about this and didn't attend the service or send a card. Please know that I say "thank you" for sharing Paul with me. During the many years that I have used para-transport, Paul was always there to insure that any problems that occurred would be straightened out and I would not be stranded. God be with his family!

Thank you to all who did come to today's service and those who could not make it out. I send a big hug for each and every person for their support given during this hard time. Weeping may endure through the night but joy will come in the morning. Paul is at peace.

“ This man was very kind to me always had my back when he was working nights. i remember pulling into base and the sound of the mdt telling me there was another trip to do, so as I'm looking at him through the window saying you know I'm at base right. Paul says yes and i see you looking at me too and i know got that for me that's why i gave it to you. Paul knew i would do whatever he needed. My condolences to his friends and family !!!!...

*“ The sun has set for our close friend
He left us much ,Where shall I begin
The lives he touched are too many to name
But it's safe to say we all feel the same
The memories we shared you now leave behind
Those kodak moments left in our minds
There is no reason to even question why
I guess God needed one hell of a guy
You will truly be missed our good friend
But it isn't over this is not the end
God has chosen to call you home
Now the streets of heaven you now roam
So rest in peace a wish from us all
To a very dear friend, Our friend Paul
