“ Sending positive thoughts and prayers of comfort to the Rege family as they experience many "firsts" without their beloved Pramod. Pramod was an intelligent, engaging and caring person... he will be missed by many. Pramod kept an active mind and a positive attitude despite the physical challenges he had. It was my privilege, and a blessing, to meet Pramod and his lovely wife Kirti, and to see them enjoying their Florida home together.

“ Our sincere condolences to Kirti and Ryan and any other family members. In our short time that we knew Pramod, we found him to be one of the most intelligent individuals we had ever met. Despite physical ailments, he contributed often to conversation. We extend our sympathies.
