“ My heart aches at the thought of you know longer being with us. You were loved by so many and truly loved by me. I remember when we first met like it was yesterday even though it was over 10 years ago. I'm glad you were able to have two beautiful children to bless our world with. Your family will always be in my prayers. Your mother is such a beautiful women and is so strong but one mothers pain is always another. I'll never forget you. Love you always!
