

Robert Scott Caffro

July 1, 1959 - September 27, 2025

He later moved to Florida in 1982, where he persued a career manufacturing conveyor belts for Florida Belting Co., eventually retiring from what is now Belt Power Inc. in 2024. I have never met you, so sorry for your loss, Rob and I were roommates back in the 80s Rob was a great friend, I have a lot of memories with him, Rob was so smart and level headed, loved to play his guitar and go to the beach, went to call him today and check in was sad to hear of his passing. Prayers for you and your family. Christopher Welch.

“ I wasn't ready to lose you so quickly. I miss you so damn much I feel like I took time for granted. I regret not being home more to create more memories. I love you so much, dad.
