Why would you come on someone's obituary to be disrespectful? I'm his sister and just seeing this 2 years later do you understand how hurtful a comment like this is for the family to read? What an ass I wish you would come say that to me or my brothers because Ronnie cant defend himself so what a big guy you are

“ Ronnie I can't believe your gone. This is so crazy. You told me at Michael's funeral you would be with him again one day. I can't believe that day came this soon. I know we are not blood family but to me you were my family you were my cousin and was always there for all of us kids and protected use kids when we were little. I wish we could go back to being little again. I will always cherish those memories. Till we meet again I love you cuz.

“ Ronnie,
I can't believe you too now are gone. I wish I could wake up from this nightmare. I miss Michael and my heart is broken, he had a love for you like no other. He told me no matter how hard you two fought with each other, he said you guys loved just as hard! He could never, no matter what turn away from you, and I know you had the same love for him. I'm going to miss you and I love you always. I have kept for 31 yrs now this snowman porcelin figure that you gave me when you were just 5 yrs old. I will cherish that snowman forever. I know you and Michael are looking down on us. Wanting us not to be sad for you but happy you both get to spend eternity together. One day we will all be together again and what a reunion it will be. I love you sweet nephew❤️❤️ Aunt Sherrie
