“ Rosie, I know we didn't have a close relationship and only have seen each other maybe twice. The first memory I have of you is when you cut my bangs yourself after I cried that I wanted bangs. You made me feel so beautiful. Although, my mom was pissed you made me happy and heard. And that's the one memory I have of you and I always tell that funny story. And yes, I did indeed get bangs again because of you ❤️

“ Rosa,

Each year, we found joy in spending time together—whether during holidays or in quiet moments, laughing and plotting about future grandchildren. I will always remember your generous spirit, your deep love for family, and the grace with which you lived your life.

Rest peacefully, Rosa.

“ To Tia Rosie.

I just wanted to say thank you. I know we didn't have the closest relationship. However, you've rescued my mother and I several times throughout my childhood and I never knew how to repay you for that. You extended your home to my mother and I. You assured us that we were safe with you. How could anyone forget that? I couldn't. All throughout my teenage and adulthood years, I've remembered you as someone with a lot of heart. You always wanted to assure that everyone in the room felt seen and heard. No one could ever sit in a room with you and not laugh or smile. You were something special. Your high spirits were always so up lifting. Throughout the time that I lived with Nana, I've watched and listened to her express how special you truly were to her. She adored you. We all did. The only memories I have with you are great ones. So much love and laughter. I still remember Sean, my mother, yourself, and I swimming in your pool and enjoying the Florida sun. Such sweet memories that I'll cherish in this lifetime and the next. You are someone that will be impossible to forget. I pray that you rest peacefully. You are the glue that's keeping everyone in this family together. We will all be there to celebrate you. Your life is worth celebrating today and everyday. Love you, xoxo

“ My Tia, you were such a sweet kind hearted person. I've never met anybody who can light up a whole room with their laugh and smile. You brought so much love and happiness into all of our lives and we will never forget the memories we had with you. One of the first ever memories I remember with you was going to Disney Springs with you, taking a picture in front of that lego dragon in the lake. I was too young to remember exactly what happened that day, but I remember having fun with you. You always made everything, even the boring things fun, you made me love Florida. Every year as a kid I would look forward to going back and visiting you. You are the only aunt in my entire family that actually has ever felt like a real aunt to me. Thank you for all the gifts you bought me, all the food and treats, all the precious memories I will never forget. On July 10th 2025, I was lucky enough to spend the entire day with just me and you. I was bored out of my mind at Santa's house but you came and picked me up. You took me to the best pizza place I have ever had in my entire life. Pizza Bruno, You ordered us 4 Garlic Knots, Salad, and a margarita pizza. We absolutely destroyed that food. I remember us laughing at how full we were but we couldn't stop eating because it was so delicious. After we ate you wouldn't let me pay even after I insisted. That really meant a lot to me Rosie. When we went back into the car we were laughing at how full we were, I think we were sitting there for about 5 minutes until we left. I will never forget that moment. Thank you Tia for taking me to the Mall that same day to buy me clothes after I had none. Thank you for believing in me, Thank you for being so generous to not just me but the whole family. Thank you for being the best aunt I could ever have asked for. Thank you for taking care of our family, and sharing your love with each and everyone of us. Tia, you were an amazing Mother, Grandmother, Sister, Friend, and an amazing aunt. I know you are in a better place now, watching us. Thank you Tia, for making Florida feel like home, for knowing how to make everyone laugh and smile. Thank you for being you. We will Miss you.

“ To know Rosa was to know her laugh - an infectious, bubbly laugh that was so full of joy that you couldn't help but laugh with her. I will always remember how warm and welcoming she was to me, truly treating me like one of her own. She valued simplicity and happiness, and appreciated spending time with her family above all else. I'm so heartbroken by this loss, but I will keep with me Rosa's values: be humble, be grateful, be kind, and always make time for your loved ones.

“ I can't really put in to words how much my mom truly meant to me and the impact she had on my life. Over the years I really found so much joy hearing about her day, seeing her smile, making her laugh, and just doing whatever I could to make her happy. She was everything to me. My memories of her will live with me forever and there won't be a day that goes by that I don't think about all the amazing times I had with her. She'll always be with me in spirit and I'll have her in my heart as long as I live. I love you mom..

“ *Rosa was a light in this world and her love and grace will be remembered forever. She made time to help with the children's teams and friends, and to be a good friend in spite all she had on her plate. Her memory is a blessing and she will be missed by all who knew and loved her.*
