“ May 15 marks 6 years since her funeral. Such a nurturing soul, from her childhood to her passing ... how many of us did she raise? After caring for Mom for several days, the nurse who spent the most time with her at the hospital said this about Mom: "Always thinking of someone else."

“ Rose beautiful Rose I want to say
You Graced my life in a special way
Sweet sister and dearest friend
The love I feel for you has no end
The loving memories that I hold in my heart
Will always be there and we will never part

What a loving, graceful tribute, Sally. Mom would have been so proud of your creative talent, just as she always was - and so very grateful for your expression of it in her honor. Let me thank you so deeply for her.

“ *So many "overnights" together, sharing our deepest doubts and hopes; strengths and weaknesses - with you helping me move forward through them all.*

Grace ...It is a name of great significance, Mom. It is the everso fitting confirmation name that your deeply cherished mother chose for you ... and the perfect descriptor for the manner in which you carried yourself everywhere you were.

And you will always be here with us, Mom!

“ *My beloved wife!! Gone way too soon! You blessed me by marrying me TWICE! You are the sweetest, most lovely, intelligent caring person I ever knew! You always displayed the most grace and style wherever you were! The pictures and a billion memories always remain in my heart! Rest without pain or worry in heaven! You fought a marvelous fight!!*

I wish Mom could see this, Dad! I don't think she ever understood how immense your respect and admiration for her really was - though you always reminded her of her beauty, even when she didn't see it herself.

You expressed it all so well here, Dad.

“ *I do not remember a day that Rose was not part of my life. When I was small she was my fun big sister. When I grew older and not so cute she was patient and loving. As I grew into an adult Rose became and will always remain my best friend. I will carry her in my heart for the rest of my days and Rose will always be part of me, my big sister. Love you forever, Melissa*

Thank you, Melissa, for such a loving and deeply felt portrayal of your so very close relationship with Mom ... and the kind of person she was.
