*Red is a color that is bright, strong and always attracts the eye in it's movement. Sally always had her nails done and most always in Red. Sally was Red inside and out. I got the call about 6 years ago that Cosmoprof stores were moving into Florida and thus began my friendship with Sally. I can't say anything else about Sally that isn't different than anyone else. She invested in people! She always had a kind word and a smile. She gave advise in a gentle positive way..... Sally, you will be missed and fondly remembered always! your friend, Andrea*

“ Now that I've had my deep, painful and sorrowful cry, I would like to express what Sally meant to me and to so many others. Sally was a "Pick You Upper" not a "Put You Downer" . She had that rare gift to see the light at all times, rather than concentrate on the darkness. Oftentimes, during the dark, dark days with Vitamin World, I would turn to Sally for guidance. And this she always provided. A true Southern Darling, she represented a reliable ray of love and always a beacon of light.

Yes, Sally has left a hole in our lives which cannot be filled. But if we will all just sit back and reflect on what we learned about life and living from her, our lives will be so much enjoyable.

She left the world a better place . . .

Thank You, Almighty God for giving us Sally Radebach !

“ My most dearest Friend of 14 years. When you left Vitamin World , I was sad but i knew it was not good bye . We stayed in touch all through the years and you always promised me that you would get me a store near my home so that I can join you at Cosmo Prof. You kept your word to me . I was so happy to work once again for you . You were such inspiration to me. I looked up to you because you were, what I wished that I could be. I am broken hearted and feel so much pain but I am also happy to know that your pain has now gone away. I will always remember the good times and smile when I think of you. God gave a gift when he gave me you. I will miss you so very much. Forever in my Heart ! With All of my Love, Toni

*Dear Toni . . . In my last conversation with Sally, she again mentioned you, as she did in all our meetings. You were n integral part of her daily live. You can cash in on her Love at any time, as Love is Eternal . . . it never dies. Remember, always, that in her physical absence. her love lives on.*

*“ I met Sally about 4 years ago. She was in one of her stores and I was still fairly new with Rusk. When I introduced myself to the store manager, Sally came walking from the back office with that beautiful smile and we connected immediately. She was always kind to me and I considered a friend first. A few weeks back we had dinner with her and the group in Fernandina beach. I'll remember that night because she was happy, laughing and always being the Sally (Sheriff) we all loved. You will me missed dear.*

“ Oh wow were doing I begin? Sally you have always been so positive each time I was around you. Your touching stories, publix visits to get your scratch offs and buying your favorite cake and as well Pizza Hut. You made sure lunch was always on you and we were NEVER allowed to pay (even though I was sneaky at times ;) ) I remember when this journey began and I drove you to the doctors because you had not slept that night. That entire ride with you was filled with love and laughter. You were such a happy person and no one could take that away from you. I'm so thankful to have met you. Still can't believe seeing your desk empty when I come into work. I know your in such a better place and watching over us. As for one thing I could say Is after many conversations with her all she ever wanted was us to all be happy with one another. Love each other. She had once told me we spend more time at work then we actually due with our family. We all need to be a family and be happy :) Sally may be gone but never forgotten we will continue to make her proud. Till we meet again <3

I remember this one time when some one offered to buy all of us lunch and I declined and she looked at me and told me to stop being bashful and pick what I wanted.. with all that being said Ms. Sally may you REST IN PARADISE and know that we all love you and miss you dearly. “ I will never forget her laugh. I made her laugh as much as possible, because her laugh was so contagious. It made my heart smile. I will never forget how suppositve she was of my swimming. I promised her that if I were to make it to the olympics, she would be one of very few to get a ticket to watch me achieve my goal. I will never forget how she wasn't just the best boss I have ever had, but such an amazing friend...helping me through some difficult times. I always joked to the girls at my store, and called us all "sallys angels" because we all had to listen to her over the phone and voicemail all the time....I never expected that sally would be our angel instead. She will forvever be in my heart and in my thoughts. I will miss her everyday. Work will never be the same. I love you you sally. Your favorite swimmer -danielle chance

“ Sally was one of the sweetest people I knew. The thing I loved most about her was positivity. She was a mother to us all at Cosmo prof and she will be greatly missed. I will always cherish the last moment I was able to have with her. Till we meet again<3

“ sally, you will always be remembered as the loving, hard working, dedicated and strong person that you are.you are a true example of how every woman should be. I always looked up to you and I loved how you were so dedicated to your job. it's true that Cosmo prof will not be the same without you, but I know you are looking down on us and giving us the strength to be the best that we can be, like you've always done. you have proven that a woman is capable to achieve anything that a man can achieve and can survive and work just as hard, if not better. A string woman, that's what you were. We will never forget you sally, you are in our hearts forever.

“ She always thought of everyone....Back when I hardly knew her she would leave a little bag of Products on my doorstep at Christmas time. All of us on Fernwood Drive got to spend the holiday weekends with her over the past year and almost every Sunday we attended the First Baptist Church of Kissimmee. She loved Paster Tim. She would always tell me that somehow she felt connected to him and that somehow he made her cancer journey seem a little less pain full. Sally never opened up about much, but on this subject she did. The other thing that she was always clear about, she loved her career with Cosmoprof and all the people who worked for her. It was pure dedication to that company. There was only one thing that she loved more than her work.....VEGAS BABY...She loved it !!!! She was so excited when she had won that trip. At 4am that morning, I dropped them off at the airport. She was headed to VEGAS!!!! She loved to gamble. She is responsible for getting me hooked on Florida Lottery Scratch offs. We use to hit Publics on our way home from the Doctors office and then go home and scratch off together. She would win her money back most of the time. But when it came to the power ball and fantasy 5 games, neither of us could get more than one number. We kept telling each other that we were not going to play those anymore. And the next trip to Publics, we would both buy tickets. I stood in the road tonight in front of her house....Its just to hard to believe that she is not coming home.
