

Sandra Patricia Forde-Kellman

December 18, 1961 - November 12, 2021

Sandra Forde was born in the St. George Parish of the beautiful Island of Barbados on December 18, 1961. She entered into her eternal rest on November 12, 2021, in Ocoee, Florida at the age of 59.

Sandra came to live in the United States at the age of fourteen. Sandra went on to earn a Bachelor of Science in Nursing from City College of New York, and later a Master's degree in Nursing Education from Grand Canyon University. While in Brooklyn, New York, Sandra married Godfrey Kellman on October 21, 1989. Out of that union, her one and only beautiful daughter, LaToya was born.

Sandra worked for many years in the recovery ward at the Maimonides Medical Center in Brooklyn, New York and later in Orlando, Florida as a Nurse Educator.

Sandra leaves to mourn, many nursing students and colleagues at Orlando Health, her mother, Phyllis, her only daughter, Latoya and her only grandson, Andrew, her ex-husband Godfrey Kellman, as well as a whole host of extended family members and countless friends.

Sandra will truly be missed by so many who knew and loved her, but we are comforted by knowing that she will suffer no more, "For we know to be absent

in the body is to be present with the Lord”.

“ Any one that knew Sandra would say that she was a great person and a strong nurse. She will be missed on so many fronts. I will miss her knowledge and unique personality. I couldn't be around her long without finding something she said to lift my day. Rest In Peace Sandra and thanks for all the help through the years.

“ I had the privilege of working with Sandra for the past 13 years, both under Remington College and ECPI University. Sandra has left a legacy to her students and anyone who knew her. Her dedication to formulating and growing new nurses was appreciated by students led by her and faculty/staff who worked with her. She made a significant and lasting impact on us all. I will miss seeing that broad smile on her face as she walked down the hallways on campus. I am happy I had the opportunity to know her and hurt to the core that she has left us so soon. She will be greatly missed, but her legacy and impact will continue for years to come.

“ *I would like to extend my condolences to Sandra's mom Phyllis Forde, daughter Latoya, grandson, her sisters Genese and Moreen, her nieces and nephews. I would like to thank Sandra for all the help she and her sister the late Angela gave me while raising my daughter Sonia. May her soul rest in peace and rise in glory.*

“ *The unexpected loss of a colleague is confusing and painful. As a colleague, Sandra was always the one to remind me about the "policies and procedures" to follow when doing clinicals. She had an uncanny memory for these organizational guidelines. However, Sandra was not only a colleague, she was a friend. I met Sandra at Remington College (now ECPI University) many years ago and immediately we had each other laughing. She had a dry sense of humor. As a clinical instructor, her students loved her. She was smart as whip and took her teaching seriously and her students knew it. They loved her for her strictness, her sense of humor and her motherly approach to comforting them when they had a problem. She loved her students. She cared about their success. She also demonstrated professionalism, integrity and respect in teaching nursing students to emulate these traits. As a friend she was exceptionally kind and to the point. Rest in Peace my friend, we will miss you but you will not be forgotten.*

“ When my heart is heavy and my memories of Sandra flood my presence, this word from God comes over me. From Proverbs 31:26-31...26She speaks with wisdom, and faithful instruction is on her tongue. 27She watches over the affairs of her household and does not eat the bread of idleness. 28Her children arise and call her blessed; her husband also, and he praises her: 29“Many women do noble things, but you surpass them all.” 30Charm is deceptive, and beauty is fleeting; but a woman who fears the Lord is to be praised. 31Honor her for all that her hands have done, and let her works bring her praise at the city gate.

Sandra wear your crown as a dedicated loving servant, take your rest and know we are humbled by your faithfulness. Your students and peers all marvel with your impactful lessons for the future of nursing. Thank you for your mentorship. To the family the legacy will continue.

Peace and blessings! 💜💜

“ I am so sad to hear of Sandra’s passing. I worked with Sandra at ECPI when she was a clinical nursing professor. She cared deeply about her students and her students loved her. She always had a smile and a funny story to share. Seeing her at school brightened my day.

We will miss you, Sandra!

“ Sandra has touched many lives. I was lucky enough to have met her working at ECPI University, where she was an adjunct clinical professor. She was dedicated to her students and I have heard many of them share how much of an impact she made on them as a nursing student. I don't think there was ever an interaction that I had with Sandra, where she didn't have me laughing. It was a pleasure to know you Sandra & you will be missed.

JC

My colleague Sandra was like a sister to me and my family. We had good times and bad. But we worked things out and everyone stayed out of our differences. I was her preceptor when she came to work in PACU at Maimonides. Latoya was like my little niece she called us auntie. When she moved to Florida it wasn't the same. We telephoned each other on a weekly basis. Then live sets in and the calls got less and but still connected on our birthdays. Sandra was very intelligent and knowledgeable. Will be missed dearly. To the family Phyllis(mom), daughter(Latoya), and grandson(Andrew).who she loved very deeply, sisters Moreen she loved very much. Her ex Godfrey they had a special relationship. I say to the family and friends she would deeply be missed and remember her generosity and her comments would always be in her heart. Stay strong and count many blessings she left behind. My deepest condolences and sympathy will be with me forever. I still can't believe what happen but I could imagine what you are going through. Be safe and remember the good times and dwell on that. Prayers and blessings will be with you. Peace and love Juanita. Amen
