“ *I had the honor to work with Shana at UCF. Thinking of her reminds me of her laughter, smiles, and it was fun working together with her. I remember her first day on the job, her going away lunch and everything in between, it was all good times. It was nice to watch her grow professionally and take on new roles and opportunities. I will add her and her family to my prayers during this difficult time. May god bless her soul and give her peace. You will be missed by many Shana!*

“ I have so many fond memories of Shana from going to high school together in Virginia and the times we would get together for shenanigans after we graduated. This week, Facebook has been reminding me of the time we went to Las Vegas the year we turned 21. I'm so glad that she and I were able to reconnect a few years ago and catch up about the life she built in Florida when I was visiting Orlando. Shana was a light in the world, and she'll live on in the many amazing memories of those who knew her. I am sending all the love in the world to her family.

“ I met Shana through CUPA-HR and am so saddened by her transition. She lit up the room with her warmth and smile, and will be missed. I wish all her loved ones peace at this sad time!

“ Words cannot express how much our cohort loved and cherished Shana. The love and care she showed each of us in our own special memory is irreplaceable. My heart goes out to her family and loved ones during this mournful time. Heaven just gained a beautiful bright soul.

This is a beautiful group of people, and Shana was such a strong part of it with her kind soul and warm heart. I'm sending love to Shana's family and her Wildfire cohort. It's such a tragedy that we have to say goodbye so soon. I'll be keeping the great memories - like this one of CUPA-HR events - close to my heart. With love, Julie B.

“ *I got to know Shana through the Wildfire program and bonded over our shared love of dogs. She was warm, kind and compassionate. The world seems a bit less sunny today with her passing. Prayers of support and peace at this difficult time. Dave Blake*

“ I work with Shana and sadden to hear of her passing. She was always smiling and very helpful to all of her colleagues. She spoke about her dog and was very proud of her heritage from Spain. She shared that she loved listening to her dad play guitar while her nana cooked something. Prayers for Shana's familia during this difficult time.
