“ Hey Shawanda, it's Baby. Wow, it has been awhile since we've last spoken but I wanted to share a few things with you. I love you and miss you both at the same time. I remember your smile and the fact that you made sure that everything would always be ok when you were around. You made all of my days and nights some of the happiest times in my life. You always told me that no matter what you had me and that you would make sure that the kids and I were ok. I miss you so much. I'm sorry that I could not be there for you when I was needed the most but God had a plan and I had to follow along.

The kids and I cried so much that our eyes had gotten swollen, for the simple fact that we did not get the chance to speak to you one last time. Thank you for being a friend to my sister and me. I miss you soooo much that it hurts like hell. There is no coming back from this feeling. You have had a major impact on my life especially when it comes to me and the kids and for that I am forever grateful. Thank you for allowing me to be a part of your life in any way possible, it means so much to me.

Shawanda I will never forget you neither will my children and grandchildren. You will be sorely missed but never forgotten. Rest easy queen.

Forever and always Baby.....
