“ Dad, why did you have to leave? I miss being able to just call you and ask why my car is making this noise... To just see you walking out back, or leaning against that one spot on the counter. I'm sorry I didn't come see you the last time I was home...I guess maybe I don't want to accept the fact that you won't ever drive down the street in a F-150 coming home from work. Sleeping in your chair.. I love you and miss you so much. Emily had Chloe and dad she is beautiful! I'm so happy to be an auntie. I wish you were here to hold that sweet angel. Watch over her and Amelia. Guide them both when Emily and I can't. Love and miss you so so much.

“ Dad, I miss you. Even though I didn't talk to you everyday like I did mom, I did ask about you. I have a chat log with you and the last time we talk was in October. How did it come to this? I knew you were there in the background while I talked to mom but I should of made more of an effort to talk to you. I feel like I've failed in the daughter department. Amelia everyday says she misses papa. It started to snow today and you know how I love snow! I'm just not the same person anymore I guess because it made me happy but it wasn't the same. I wish I could talk to you again and say I'm sorry for not trying harder. I love you dad and miss you so much.

“ I miss you dad. Amelia misses you, but she cheers to you with her water at dinner time. It kills me that I wasn't there to say goodbye, but I love you and miss you so very much.
