

Steven Larry Kearns

November 19, 1943 - March 26, 2017

Steven was born and grew up in and around Des Moines, Iowa. He was always very creative and dedicated. He has been in construction practically his whole life. I have always said he was married to his work and I was his mistress. He designed and built a house when he was in high school and then later sold it.

He built a tri story home with a basement in the detached garage before we met. All four of our children were born while living here. Then he remodeled a 4 story barn into our home in Norwalk, Iowa. Next it was a 7 bedroom farm house that he remodeled and then a tri level solar home with an attached greenhouse – both in South Carolina. In Florida, he remodeled a 4 bedroom home, built a Castle, and demoed and remodeled a house on a small lake, where we still live.

We were scuba divers and went on many dive trips, several with the kids. We met a lot of new friends in dive clubs and are still friends with a lot of them. He was a small plane pilot, and owned a couple of airplanes – but not at the same time. We owned many boats, but the most memorable was the pontoon boat that we bought in Iowa. We have used the boat on dive trips, hummer trips, many, many trips to the ocean and Lakes with family and friends. We bought a trike from a friend and we transformed it into a dragon trike, that we have taken on many trips, and bike runs. He was a Hummer and we went on

a lot of canoe trips. We met a lot more friends that are now Family.
He was like a MacGyver but much better. He could improvise anything.

He was an awesome father. We took the kids on many adventures, taught them “please and thank you” , made them do chores. And on Saturdays he would wake them early and they had to do chores before they could go play etc.

The kids grew up, married and had kids of their own. The grand kids have many memories of the castle. Pepa built them a play house that they could climb on etc. also got to go on four-wheeler rides and got to ride a go cart.

He has touched so many lives and left profound impressions. To meet him was to love him. He took people for who they are.

“ Whenever you were with Steve and Marlene, you just felt 'at home'. They welcomed you with open arms and an open heart.

My family has had the joy of knowing them from way back to the Iowa days. Memories I will always cherish. From the 'Aqua-nuts' diving days, camping, tubing, to all the parties at their home. Times were always carefree and fun when you were with them.

Steven was a one of a kind type guy...creative, patient, nonjudgmental, great story teller and funny too! We will all miss his laugh, smile, stories and wisdom.

Much love to Marlene and kids.....Dodie Harger and family

“ I am happy to have called Steve my friend. We worked on construction jobs together, but that was only a small part of how I knew Steve. He had my respect, he was caring and sharing and was one of the most helpful people I have ever met. We spoke of serious topics and we figured out how to smile and resolve problems. It was my honor to have shared time with Steve, I will treasure it always. A toast to Steve.... To a really good man.

“ To my DADDY as I sit down here by your lake I watch the ducks and how the parents watch over their young letting them explore their world but never too far that when one of them is scared, lonely or just need to be by their Mommy or Daddy they are right there and Daddy you were always there you had compassion, love, understanding, a smile and hug and I knew everything was going to ok. You loved your family with all your being never did you put yourself first I will never know anyone as unselfish as you. You touched lives of so many and each one of them loved you and said you were one of a kind. Daddy I love you, I miss you, I wish I could hold you hand, hear I love you, hear one of your jokes, hear your laughter but as I try to understand I know I have to hold your love and these memories in my heart because that is where you are. I am blessed to be your daughter. Rest my sweet DADDY I love you.

Such fond memories of Steven and Marlene . Our get togethers with our kids when they were small. The Barn Steve made into a beautiful home Homemade kitchen table and all. Even a juke box. He was a great pilot as well. It was a fun memory going up in the plane, Even tho my brother and I wasn't . Use to it. Steve said we could fly the plane . if we wanted , somehow I don't think that would have worked.. I don't think there is anything he couldn't do.Great man devoted to his family. R.i.p You will be fondly missed by many. Connie
