“ Tammy was one of the most amazing people I have ever met. She was caring and always knew what people liked, she always had a smile even in her hard times, and had the most infectious humor and laughter. I will always miss her but she will always have a special place in my memories. God bless all her family at this time and know that Tammy was loved by many ❤️

“ *Our first cruise is one of my favorite ladies trips we had. Tami kept us laughing so hard the entire trip. Her interaction with the dolphin was hilarious! The look on her face when they told her to kiss the dolphin was priceless. You'd think they told her to eat an extra cheesy pizza. For those who don't know, Tami HATED cheese. (I still have the video if any of her family member would like to see it)*

I miss her so much 🍷💔💔

There are special people in our lives who never leave us, even after they are gone. We do not remember days, we remember moments. Don't cry because it's over, smile because it happened. The best and most beautiful things in the world cannot be seen or even touched, they must be felt with the heart.

In Memory of Tammy, you will be missed but not forgotten.

i light this candle in your honor, so that your family can find peace in knowing your are no longer hurting and in pain, I pray for you that your trip to heaven was joyous and now you are whole again, I will remember the moments we spent together in the room, just you and I laughing and waiting for the new baby to be born, I never realized, at the time, it would be the last time but I'm grateful for it.
