“ *Ted you were truly a gentle giant! It was your contagious smile and voice that made everyone at CVS have a beautiful day!!! You will forever be missed and you will continue to want you here on Earth but I'm certain that God is happy to have his beautiful angel back home.*

“ Where do I begin.. I moved into the complex were Ted has been staying for the past 17yrs about 4 yrs ago. He approached me one day and told me how beautiful I am and to always smile.. from that point on we were buddy's. Our friendship got closer once we started working together at CVShealth a little while back. He was deemed the "Gentle Giant" at work because he was so soft spoken and gentle.. I can still here him say "keep living kid"... Ted you were loved by many and will be greatly missed.

*Sleep peacefully my beautiful angel!!*

“ Ted was a great guy to work with. He always had a smile on his face if at work or walking his dogs. Ted has left the workplace with a void-his spirit is still here. He is definitely missed.

“ In memory of a dear cousin, sadly so far away. One of my earliest memories of Ted was him proudly wearing his Micky mouse ears when he was about 7 yrs old when I was visiting with them in California back in the 60s so glad he managed to visit with us in England in the 80s and the great time we had when I brought my kids to Florida and he showed us around Disney. Love from cousin Lyn, Joanne, David and Stephanie xx💕💕💕

*From his sister Cece: my brother Ted was the third child born into the Barnett Family. The oldest sibling, brother Marvin passed away suddenly at age 52 in 2002. I am 5 years older than Ted. Walter, his younger brother is 5 years younger. He has one nephew, my son Thomas who is 40. Growing up Ted loved music all his life....now as his spirit ascends into Heaven he will be surrounded by the harmony of God's beautiful angels, and will forever be at peace. He will be missed so much....*

*I have been a close friend of Teds ever since our early 20s. He was one of a kind as anyone who's ever known him already knows. He always made me feel like the most beautiful and special person in the world. His comical personality brought me alot of joy. He was one of the smartest people I've ever known especially when it came to English. He had a way with words like no other. He also had a heart of gold and noticed if someone walking past was having a hard time even during our20s when most of us are living in our own selfish world's. If we'd walk past a specialty store in the mall that had no customers he'd look in and tell me that poor guy looks down his store's not doing good. He was a real fun person always wanting to make you smile. I've always been real shy and didn't have alot of friends but Ted and I remained friends all these years. Even though we hadn't seen eachother I always looked forward to seeing him again and taking where we'd left off. I believe our lives are a whole from beginning to end and memories are very important to me. They stay with us forever and although I won't see him again in this life he will always be a part of me. I wouldn't be the same person I am today had I not met Ted. He gave me much joy as well as helping me through the dark times. He was also very talented and had a beautiful singing voice and was very artistic. I will really miss him. James Heilbron*

“ I worked with Ted at The Disney Reservation Center for 7 years ..he was always such a joy to have around with such a soft spoken voice and kindness..always made everyone laugh ..and his smile would always light up the room..I left Disney and then got a job at CVS Health and about 2 months later I was so thrilled to see Ted in one of the training classes...he saw me first and called out my name "MS. Abler" I was so happy to see him and bragged about him to everyone that I introduced him to..and Christmas last year 2016 we all decorated our team areas and it was a lot of fun..(Ted was very happy to take part in the decorating, his roommate Johnny told me)..he made the most awesome decorations of The Grinch, and Murals ..he was really into all the decorating and it really showed!! He even drew a picture of me I have on my desk and will cherish it forever!!...He just went around showering friends with gifts or goodies and even brought me a Red Velvet cupcake and told me he wanted me to know how much he appreciated me taking him home the day before (last Thursday) ..all the kind things he would say I will never forget and had soo much respect for everyone. I can still hear your laughter and your soft spoken voice. Your puppy dog keeps looking for you to walk through the door.. I petted him for a while and I could tell he misses you very much too!! I am going to miss you sooo much my friend!!! I will never forget you!! Heaven has gained a Wonderful Angel!! RIP until we meet again!! 😭
