Timothy Paul Shepley, 60, of Mount Pleasant, SC passed away suddenly Tuesday June 14, 2022. He was a fiercely devoted family man. He leaves behind a wife of 25 wonderful years, Cynthia Shepley and a son Zachary Shepley who he was passionately proud of. He never missed an opportunity to brag about them or to let them know how much he loved them. He was preceded in death by his son, Brendan Tyler Shepley.

Tim cared deeply for others including extended family and colleagues. He always was happy for the success of everyone he knew and touched. He was often the mentor who helped them succeed.

Tim early life was spent in Springfield, Virginia where he grew up playing Baseball and Football. After graduating from Robert E. Lee High School, he attended Longwood University earning a Bachelor's Degree. He began his career working for the government as a contracting officer supporting the U.S. Navy where he worked evenings to earn his Master's Degree from Florida Institute of Technology. After leaving the government he worked for several contractors before landing at ManTech International in 2015 as Business Development and Capture lead for the Navy. He was promoted to Vice President of Business Development, Defense Sector. He often said he had found his happy place in Business. He loved the work and his co-workers.

His other happy place was traveling with his wife and son including Cruising and many trips to Disney World. He loved getting together with friends and family and sharing his latest wine or food find. He was passionate about many things including watching his son play sports, travel, cooking, football and golf.

Tim will be greatly missed by all he touched. Details for a Celebration of Tim's Life will be shared once they have been finalized. At that time we will welcome any and all memories and tributes to share or to remain private. You can also Share a Memory by clicking on the link.

“ Tim was my first “boss” after leaving college and working at NAVAIR. Although I have not kept in touch I am certain my professional success is largely impacted by the lessons I learned from Tim. I wish I could have reconnected before his passing. My thoughts are with his family!!!

“ Cyndi, Zach: Deb and I were heartbroken to hear about Tim’s passing. All the memories of the times together, the great meals, the wine, friendship, and working with you at EMA. My goodness, could we drink some wine? I know there is not much we can do to ease the pain other than give you both our prayers that the pain passes and offer our assistance if you should need anything. God bless your family; please stay in touch .. Deb and Ray Bednarcik bednarcik1981@outlook.com

“ I am so sad to hear this. Tim was a great man. In my transition to ManTech he was amazing always so helpful. My first meeting with him he gave me a hard time and i gave him one right back and he was shocked it was funny. Then when we went to a conference in CA they had a woman's appreciation luncheon. He took his invite card and said he heard that he was supposed to give it to a woman he appreciates and i told him i would trade it back to him if i ever made him mad lol he said deal it was very funny. I will miss his quick wit and his helpfulness to a new stranger. I am so sorry for your family and for our ManTech family for this great loss. Sending Prayers to you and your family.
