

Tracy Lynn Allen

February 12, 1965 - December 6, 2015

Tracy Lynn Allen (Gentry) was the most amazing women I ever knew. I met her 25 years ago this month and was lucky enough to marry her August 18, 1991. She was the hardest working , honest and most amazing person I could ever imagine spending my life with.

Tracy had a Under graduate degree from Presbyterian College (Go Hose) a Masters degree from Emory University and a PH.D. from Bowling Green State University. She had so many jobs over the years : teaching college , librarian , ESL and finally being a successful seller on EBay and Amazon.

Tracy loved people and would ALWAYS put others first . But when it came to animals, nobody loved them more than Tracy. She and a friend ran a Rottweiler rescue for many years and saved over 150 dogs. Our dog , Kermit she saved from the streets. Her compassion for animals was inspiring .

She was with me so much of that 25 years . We were never not together for long and we did everything together . To our family they always talked about us as 'Tracy and Jack " or "Jack and Tracy ". We were like one person. I know it was her HUGE heart , her loving spirit and she was the most beautiful lady inside and out that made us so successful . I wouldn't be where I am today without the love and support from her.

Tracy's family , Kevin , Tina , Walker and Sophi meant the world to her . She so enjoyed the many holidays she spent with them. We had so many amazing memories with them. She would have done anything for them . She was especially proud of her nephew Walker and her niece Sophi. She cherished every minute with them !

I'm not good at writing , Tracy always took care of that .

All I can say is that she was everything to me . She was one of kind and will be missed so much . She will been in my thoughts forever.

I and so many more were touched by her !

I know going forward that I will feel her in the wind and she will guide me and be a part of my life forever.

I'll love you always and forever !

“ My deepest condolences to all of her family. I was Tracy's suite mate for our Junior & Senior years at PC. I have lots of great memories, but one of my most favorite was singing "Paradise by the Dash Board Light" by Meatloaf. We would each take a "role" in the song and act it out to the song. Sometimes Tracy would take both roles and that was hilarious. It was a ritual we did on most Saturday nights before going out to the Fraternity houses. Tracy was super smart, funny and a great friend. I have often wondered about her when we lost touch, but it sounds like she had an amazing life. She certainly deserved it. Susan (Wentz) Gibbs

“ Aww, Tracy, we cannot believe you are gone from this physical world so soon. You have left behind so many people that you loved and that love you. You are sorely missed, our hearts ache. You gave us loving memories that will remain with us forever. That blessed gift is eternal and we are grateful to you for that. Until we meet again Tracy....Rest in peace! “ Tracy was the best boss anyone could ever ask for. She was kind, compassionate, and incredibly understanding. Her assignments were the highlight of my work week, and when we were able to collaborate on creative concepts, we did so with ease. Her passing has brought on tons of grief and sadness, but has also shaped me in the most positive way. She's given me ambition to move forward with so much more power than before. I am driven to see the designer she saw in me, in myself. Tracy, thank you so much for these gifts, you will forever be in my heart!

“ Tracy was such a huge part of our family. It's difficult thinking she isn't here with us anymore. Unexpected loss is the most difficult. Jack, your words are a beautiful tribute to Tracy and show just how much you love her. Our love and prayers go out to you my cousin.
