“ Vito man, my brother and day 1. I remember all these good times we had especially our hookah days just sitting in that broken down green truck sweating our head off for hours on end. Getting kicked off the beach cause we wanted to smoke there too Imfao. Our deep convos and stuff I'm taking to my grave bro don't even worry about all that. Being goofy as hell at work to the point we gave you the nickname motor cause your long ass hair at the time got stuck in the damn motor of that weed eater LOL! Ima miss you daily, everything I do from here on is in your honor and I promise ima do right by that. I remember we were talking about this exact thing, and I was joking with you saying "I'll be over you in a couple months" having a huge ass laugh after. And I told you the truth, I ain't ever gonna be alright man cause I love you. You are a tough act to follow cause everything you did and everything you said was too damn pure and sincere, a lot of people could learn a lot from that even me. To the family, you raised a grand man, a warrior, a hero, a person to lean on, a ear to talk off, and a brother to the bone. There's no words to express the feeling y'all feel and I definitely understand that, but knowing y'all did a great job being role model to this man right here is something y'all should definitely be absolutely proud of. Mad love to y'all and I'll be around if you need me, for Vito .
