JM

“ I called him Uncle Cordell and have many wonderful memories of visits with he and my Aunt Pearl. Cordell always made me feel special and he helped my husband and I purchase our first home as he was a realtor at the time. They hosted many people in their home in Florida and were so gracious to everyone. My uncle and I shared many, many letters through the years and I so enjoyed hearing from him. I still have those letters and will treasure them. They are stored in the Heritage Scrapbook I created about my father's family. You are missed and still loved Uncle Cordell.
