“ *We will all miss “Plue” as he touched our hearts and the times we shared were memorable. I will say to the family, death is just a change of address, but it’s what you believed in your heart that will determine what neighborhood you end up in. May William rest in peace.*

To my dad, I will truly miss all the good times we had. Starting as a little girl when I use to be your tag along. From the time that I can remember I always wanted to be with you. Whenever your ship 🇺🇸 would pull into port and my Mom would take us on base to meet your ship I didn't want you out of my sight. You were then and always will be my first and endless love ❤️. I remember when I joined the US Navy like you and Rusty did, all I wanted to do was make You and my Mom proud of me. I pray 🙏 that I did just that? I truly loved the. time that we shared on my visits to Florida. The love of life and the way that you felt about your children was beautiful and also the way that you lit up when you spoke to me about my Mother sometimes made the child in me feel like I was (7) seven years old all over again. You were my friend and I was at times your confidant. We'd talk for hours at a time and we would always go shoe 👞 shopping 🛍️ you knew how much I loved to shop. In October of 2016 you were charged at by your neighbors dog 🐕 and that Christmas I received the dreaded call that you were missing. That was the beginning of the end. Daddy I will miss you and I will smile when you come to mind. Always the forever Sailor and friend. You will truly be missed by me daddy. Take your rest now you deserve it. I pray 🙏 that you find the peace of mind that you were looking for.
