“ *There are millions of memories to share, my beloved baby brother!!! I loved you from the moment you were born!! I was four years old when you came along! You were like my own precious living baby doll!!! You were always ALL heart! I think that's why you worked so hard to become HUGE!! You needed a big body to house that enormous heart of yours!! Your mission was to make us laugh! It brings comfort knowing you've been reunited with our Mom, Dad, and big brother, but you left us too soon!! We all loved you so much!!!! Chris & I and our 4 daughters thought the world of you!!! I will miss you always until we're together again!!*

I remember Billy as a little boy living a few doors down from me. I can picture him riding his bike up and down the street He was a sweet boy with a good heart that grew into a man with an equally good heart. I sure your mom, dad and Bobby were waiting to greet you with open arms.
