“ *Paul, I remember when i first met you, you treated me like a little sister, i enjoyed being around you, you always knew how to make everyone laugh, you and milly had your ups and downs but the love was always there. I know we hadnt been in touch for a very long time, but i always though of you as my brother, you will be greatly missed by many, i am glad that you are out of pain though and i know you and milly are back together again. Rest in peace Paul, lots of love Rose*
