“ *Your mom was one of the first people I knew outside of my family. My memories of her are of a kind, welcoming, strong person who embraced the girl from down the block and got used to her spending every waking moment with her daughter Therese and niece Annmarie. I always felt welcome in your family and I cherish your mom for that. Remember when your mom was our Brownie leader? I'm sure she had to leave work early many times to do activities with us. Remember the fun day we had at Disney with my mom, Heather, Terry Trotter and Louis after you moved? It was so nice of you mom to set that up so we could see each other. I wish all the best to you all, I'm sorry for your loss, but happy for us all to have known your mom. ❤️*
