“ As I was growing up I remember my uncle with a great big hello and a great big smile. And he always had his fishing gear ready to go and catch the big one., He will always have a special place in our hearts and will be missed.

“ I can remember so many moments I was privileged to share with Wyatt. Each one brings a smile to my face. Anne and Wyatt were second parents to alot of us. Im honored to be able to have called him my friend. R.I.P.

“ Ann and Lawrence,

*I'm truely sorry for your loss!! I remember being over at Wyatt's house with Les and he was welding. Wyatt of course told us to put the welding hats, eye protective thing on and when I put it on, right away I said, I couldn't see anything....boy did he get a kick out of that...(well I didn't know you could only see welding stuff when wearing it). He even let me weld some of whatever he was working on. That was the first time I really met and got to talk to Wyatt. I know for many years he became a big part of all of our lives and I know the love and support that he got from all of you guys....really helped him through a very tough time!! May he rest in peace!!*

“ *To my adopted Father you are one of the best!!!  
I will miss our handshakes, the crazy jokes and the great stories we shared about David. You were the rock that kept all the boys sanity together.  
Thank you for always letting us hang out at the front porch to get fades from "Red" and for always supporting our nonsense.  
I will always miss you.*
