

## Dr. Yousef Aziz Yousef

March 27, 1930 - March 28, 2015

“Dr. Yousef A. Yousef passed away at the age of 85 on Saturday, March 28. He was surrounded by his loving family who will miss him dearly.

He came to the United States in 1963 from Egypt in pursuit of a better life for himself and the family he left behind. Little did he know at the time that he would create a better life not only for himself, but for everyone who ever knew him.

As the Patriarch of our family, he leaves behind so many lives that he touched with his kindness, compassion, and generosity. He will never be forgotten and now lives on through those he touched.”

“ *I am saddened to here of your loss. Dr. Yousef was a great professor and I remember him well to this day, despite having graduated from UCF in 1981. He truly impacted my life as an engineer and as a person.*
